

Alexandria Gazette.

FRIDAY EVENING, JULY 29, 1904.

Local Matters.

Sun rises tomorrow at 4:57 and sets 7:15. High water at 9:17 a. m. and 9:42 p. m.

WEATHER PROBABILITIES.—For this section fair tonight and Saturday; light variable winds, mostly northerly.

Personal.

Mrs. J. T. Hill and her two daughters, Misses Mary Ellen and Hattie Hill, left yesterday for Colonial Beach, where they will spend several weeks.

Mrs. John Darling and children, of Alexandria, are visiting Mrs. Darling's parents, Mr. and Mrs. Jack Dove, at Bowles, Clarke county.

Mrs. J. J. Sullivan and children are visiting her sister, Mrs. A. B. Terrell in Roanoke.

Mrs. H. F. Robertson has gone to Blue Ridge Summit, Pa., to spend a few weeks, and her daughters, Misses Mary and Nellie, are visiting friends in Charlottesville.

Officer Ferguson has returned from a trip to the World's Fair at St. Louis. He says the members of the Alexandria Light Infantry are having a fine time and will return home tomorrow.

Mr. Philip Vogelgesang, who is ill, has been taken to the Alexandria Hospital for treatment.

Rev. William Chinn, brother of Mr. Benton Chinn, of this city, has assumed charge of the Presbyterian Church at Warrenton.

Mrs. Wm. H. McCuen and sons, Talbot and Leslie, left Tuesday for a stay of several weeks at Atlantic City.

Mrs. Jno. F. McCuen, accompanied by her little son, Melvin, left Tuesday for Atlantic City and Wilmington, Del., to be gone about four weeks.

Miss Myrtle Fitzsimmons, of Alexandria, is visiting her friend, Miss Stella Balthis, at Strasburg News.

King Street Improvement.

The recent decision of the Court of Appeals, by which it seems a city is powerless to tax abutting property-owners for street improvements, is still the subject of conversation among the people in this city directly interested. The protest of some persons living on King street against paying the quotas assessed against them is apparently sustained by the higher court, and the gentlemen acting as counsel for these persons are talking of entering suit in the name of their clients for the purpose of making a test case that will virtually decide all similar ones. Many can see no real use in such a procedure in the face of the decision of the Court of Appeals, and suggest that the city should settle the matter on the best terms possible. No action, however, will be taken until Corporation Attorney Boothe, who is in Europe, returns.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Thomas Vernon and Andrew Burton, both colored, arrested by Officers Knight and Beach charged with stealing a pistol from Daniel Short, had their case continued.

Two boys, arrested by Officer Young for a minor offense, were dismissed.

Benjamin Scrivener and Wm. H. Hansborough, arrested by Officer Young for drunken and disorderly conduct, were fined \$2.50 each.

A man, arrested by Officers Nicholson and Allen charged with disorderly conduct, was fined \$5.

A young man, arrested last week for an offense, plead guilty and received a minor sentence. Another man who had been arrested at the same time, was dismissed.

Accident to Alexandria Lady.

The many friends of Mrs. Samuel E. Lindsey will regret to learn that she suffered a painful accident on last Wednesday afternoon in Washington. Mrs. Lindsey, accompanied by her daughters, was transferring from the Chevy Chase line at the "loop" when, by a misstep, she tripped and fell forward, striking her head against an iron projection, causing serious injury to her scalp and severe contusions of the face. The Emergency Hospital ambulance was summoned and Mrs. Lindsey was conveyed to the home of her sister, Mrs. Mell, in northwest Washington, where surgical aid was rendered. The patient, whose condition was thought to be serious at one time, is much improved today.

Copious Rains.

There were light showers last yesterday afternoon, and about six o'clock heavy clouds formed in the south which were soon wafted over this city. A brief but heavy downpour followed. The rain was accompanied by some wind, and the temperature became cool and remained so throughout the night. Between two and three o'clock this morning there was another heavy rain. People who arrived here on trains from the South today report that the rains of yesterday and last night were very heavy below this city, and in some cases were the cause of delay in the running of trains. The weather today has been fair and comparatively mild.

Fire Company Notes.

There was a well-attended meeting of the Columbia Fire Company last night, at which additional interest was manifested in the approaching festivities in connection with the firemen's convention next month.

A meeting of the Friendship Company will be held tonight for the purpose of taking further action in connection with the coming parade.

The collection committee appointed at the citizens' meeting to solicit contributions to defray the expenditure incident to the firemen's Convention report satisfactory progress.

Delay in Running Trains.

Considerable delay was experienced early this morning in the running of electric trains between this city and Washington, and the first train did not leave here until about 8:15 o'clock. The delay was due to some derangement of the machinery at the Four-mile turn power house, it being impossible to generate current sufficient to move the trains. The trouble was finally remedied, and the cars began running as usual. Numbers of persons went to Washington on steam trains and the boat.

Allen, the youngest child of Mr. and Mrs. Harry Smith, of 909 King street, died yesterday after an illness of six weeks.

Want Pleasant Retreats.

Alexandria has no parks and practically no proper places of resort for the pleasure or comfort of its population, and many persons who have recently come here from other places where such attractions exist naturally miss the same. In the summer season hundreds during long and often warm evenings seek places where they can be fanned by breezes or where surroundings are pleasant. The river front is about the only place inviting relief, and the wharves are consequently sought by young and old when the shadows begin to lengthen. Should there be any air circulating it is sure to be felt at such places, while the passing up and down of excursion steamers affords a panorama—a change of scene—and the music on the boats is enlivening. Later in the night the steamers in returning animate the river, and often illuminate its bosom with their searchlights. There was a time, many years ago, when Alexandria had two summer gardens—one on King street, near Washington, and the another at the northern end of Washington street. They were doubtless in advance of the requirements of the times and soon passed away. It would seem, however, that such enterprises might prove remunerative now, when there has been an influx of people who have patronized such places in other cities. It has been suggested that most of the piers in this city are unused, and that should some enterprising caterer to public comfort fit up one or two of the wharves similar to pier gardens of other places where music, electric fans and refreshments could be enjoyed it would in all probability prove remunerative.

The Injunction.

The matter of the injunction restraining the City Council from disposing of the electric light plant and the electric franchise, it is understood, will not come up before Judge Bailey on Monday next for a hearing. It appears that the city has until the next rule day, or court, to answer the bill which is returnable on next Monday. The next rule day, after Monday, will be August 15, until which day the city has to file its answer, but it is understood that Mr. Douglas Stuart, who is acting as City Attorney during the absence of G. L. Boothe, will so soon as he can prepare the papers in the case, file an answer and move that the injunction be dissolved.

Alexandria Library.

The following list of books has been added to the Alexandria Library during the month of July: Dorothea, by Maarten Maartens; The Day Before Yesterday, by Sara A. Shafer; A Shameless Wayne, by Halliwell Sutcliffe; People of the Whirlpool, Anonymous; Mistress Barbara, by Halliwell Sutcliffe; The Woman Errant, Anonymous; The Flame Gatherers, by Margaret Potter; The House on the Hudson, by Frances Powell; The Singular Miss Smith, by Florence Kingsley; The Beards of Tasmir, by Amelia Barr; Hitherto, by A. D. Whitney; Olive Latham, by E. L. Vornich; and High Noon, by Alice Brown.

A Big Mortgage.

In the office of the Clerk of the Corporation Court today there was filed a copy of a mortgage by the Norfolk and Western Railroad Company to the Guaranty Trust Company of New York for \$35,000,000, in four per cent. bonds. It is understood that ten million of these bonds are to be issued for improvements and rolling stock, and the remainder are to be held in reserve.

LOCAL BREVITIES.

The body of Thomas Murray, colored, who was drowned a short distance below this city yesterday afternoon, had not been recovered at 3 o'clock this afternoon.

Marriage licenses were issued in Washington yesterday to Samuel T. White and Mary T. Graves, both of Madison county, and to William F. Thill and Eva V. Burnside, of Sideburn.

Dr. Wm. Caton has purchased of Dr. S. B. Moore his former home a short distance from Accotink.—[Fairfax Herald.]

Mr. Jacob Brill will give another crab feast at his restaurant, foot of King street, tonight.

There will be a crab feast tonight at the Tontine Summer Garden.

Fried clams, 50c dozen; clam soup, 10c; soft shell and deviled crabs, 10c each, every Monday, Wednesday and Friday at C. H. Zimmerman's.

Worst of all Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newton, Deatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I'm completely recovered." For Liver, Kidney, Stomach and Bowel troubles Electric Bitters is the only medicine. Only 50c. It's guaranteed by J. C. Leadbeater & Sons, druggists.

Steamed Hard Shell Crabs, Deviled Crabs and Salad, prepared from steamed crabs of our own picking, are relished by every one. Rammel's Restaurant, Home phone 63. Bell phone 169.

EXCURSIONS.

Family Excursion

To RIVER VIEW

Tuesday, Aug. 2.

OF

Alexandria Division, No. 1,

Ancient Order of Hibernians.

CODFISH.—New Boneless and Shredded Pickled just received by J. C. MILBURN

GALVANIZED TUBS, BUCKETS and OIL CANS just received by J. C. MILBURN.

TELEGRAPHIC BREVITIES.

Professor Sonnenburg successfully operated upon the California sugar king, Rudolph Spreckles, for appendicitis at Carlsbad, yesterday.

The Russian government has asked the police of Rome to watch all Russian exiles. The authorities at St. Petersburg suspect a wide international plot. In a head-on collision this morning at 6:30 o'clock on the Pennsylvania line at Sharon, Pa., engineer Robinson was instantly killed and Fireman McWilliams was probably fatally injured.

President Ramsey, of the Wabash, today denied that the Wabash and Missouri Pacific would consolidate. He also said that he would continue at the head of the Wabash Railway system.

W. G. Taafel, receiver of the Newark Savings Bank, committed suicide by drowning late Thursday night, his body being found in the Licking river early this morning. He is said to have worried over financial affairs.

Admiral Barker has ordered a warship to transport the remains of Ensign James W. Clement, of South Carolina, from Trieste, Austria, to America. Ensign Clement, who was attached to the Kearsarge, died there of typhoid fever.

Governor White, of West Virginia, has ordered out two companies of the State militia for the protection of the negro, George Williams, who is to be tried next Tuesday in the Circuit Court of Jefferson county for criminal assault.

Earl Card, president of the Medina, N. Y., National Bank, has been placed under arrest on the charge of having misappropriated to his personal use money in the custody of the bank belonging to depositors in the institution.

The coal handling and storage plant at the Portsmouth, N. H., navy yard was destroyed by fire last evening, entailing a loss of \$125,000. There were about 6,000 tons of coal in the building. The building had not been formally accepted by the government, although the contractors had been paid.

The Merchants and Miners line steamer Howard, Captain Ryan, from Baltimore for Boston, went ashore on Pollock Rip, Mass., early this morning in a thick fog. She was subsequently floated and proceeded to Boston. She had 100 passengers aboard and a large cargo. It is not believed that the vessel was damaged.

W. J. Simms, a hotel man well known in Baltimore, Old Point and Norfolk died in Norfolk, Va., this morning. For many years he was connected with the Hotel Chamberlain, Old Point Comfort, and the Monicello, Norfolk. He was sick two hours. A hemorrhage was the cause of death. He was 48 years old.

The people of the town of Statesboro, Ga., are greatly excited today over the discovery of the murder of Henry Hodges, his wife and three children, near that place, during the night. The bodies were not discovered until this morning. Robbery is believed to have prompted the deed. After killing the Hodges family, the burglars ransacked the rooms and in an endeavor to hide their crime, set the house on fire.

Judge Parker.

Esopus, N. Y., July 29.—Mayor McClellan, of New York City, is an expected visitor at Rosemont today. He will come aboard the steam yacht Sapphire, with John B. McDonald, the New York contractor, upon the invitation extended by Judge Parker. It is known that the nominee has a great liking for the New York Mayor, and would not object to his nomination for governorship. Having decided, however, not to meddle in State politics, Judge Parker will not broach the subject and if the Mayor mentions it during his stay, he will be told that the selection of the man to head the State ticket will be left entirely to the State leaders and the Saratoga convention. Presumably Mayor McClellan will return to New York upon the yacht this evening.

Unless the national committee demand that he make speeches in the storm center during the campaign, Judge Parker will remain silent at Rosemont. Personally he is wholly averse to a hippodrome canvass, and under no circumstances could he be induced to swing around the circle. If, however, the men who conduct his campaign believe a half dozen speeches in the larger cities would save the day or insure a victory, he will consent to make them.

Judge Parker counts upon making the issuance of his formal letter of acceptance the most important event in the entire campaign as it will be also virtually his only voluntary expression of his opinions to the American people. It will reply to the republican platform and the President's letter of acceptance and it will expound the democratic doctrine so thoroughly that it is expected to stand once and for all, as a complete record of the nominee's view.

William F. Sheehan is expected to return from New York tomorrow. It is believed that Mr. Sheehan will be elected chairman of the national executive committee.

United States Senator Frederick Dubois, of Idaho, was an unexpected caller at Rosemont this afternoon. It is believed that Senator Dubois comes to Rosemont to induce Judge Parker to place an out and out anti-polymany declaration in his letter of acceptance.

A Singular Accident.

Master Lewis Moncre, son of Mr. R. C. L. Moncre, jr., of Widewater, while on a visit to relatives in Greenbrier, W. Va., was the victim of a painful accident. On Thursday week he was sitting some distance off watching a game of base ball whistling a stick, when a ball struck the knife he had in his hand and cut his right knee-cap nearly off. His father took him to a hospital in Richmond, where he is doing well.—[Fredericksburg Star.]

The Market.

Georgetown, July 29.—Wheat 75a57. Deviled Crabs are made fresh twice daily at Rammel's Restaurant—at five o'clock in the afternoon and eight o'clock in the evening. Both phones

Thrown From a Wagon.

Mr. George K. Babcock was thrown from his wagon and severely injured. He applied Chamberlain's Pain Balm freely and says it is the best liniment he ever used. Mr. Babcock is a well-known citizen of North Plain, Conn. There is nothing equal to Pain Balm for sprains and bruises. It will effect a cure in one-third the time required by any other treatment. For sale by Richard Gibson and W. F. Creighton & Co.

New York Rockaways and Little Neck Clams on half shell, Rammel's Restaurant.

Lynchburg Man Killed.

The body of Edwin S. Parriah, of Lynchburg, was found at 5 o'clock yesterday morning lying beside the track of the Southern Railway, just south of Charlottesville. Back of his left ear was a deep gash and his left arm was almost completely severed close to the shoulder. He had evidently been dead two or three hours. In company with two companions he was on his return home from Washington, where he had gone in quest of work. The trio was seen in Charlottesville on several occasions Wednesday, waiting for an opportunity to board a southbound train. One of the number succeeded in getting off late in the afternoon, and a second was arrested during the night for vagrancy. Parriah, it is presumed, attempted to board a through freight soon after midnight and was killed. He was 22 years of age. Upon his person were found a gold watch, with the initials "B. S. P." inscribed upon the case; a pocketbook, containing no money; a match safe, with the picture of a young lady pasted to the lid, and a letter signed "Hallye." He was well dressed. Two of his brothers are merchants in Lynchburg and an uncle is a member of the Lynchburg police force.

Edgar Allan Nominated.

The anti-machine wing of the republican party in the Third district held its convention in Richmond yesterday and named Edgar Allan, jr., of that city, for Congress. Every county and city in the district was represented. Mr. Allan, who is a young lawyer, is a son of former District Attorney Edgar Allan, senior.

The resolutions adopted praise President Roosevelt, reaffirm the Chicago platform, and denounce the machine wing of the party. Mr. M. Williams was re-elected chairman of the district committee, and Edgar Allan, jr., member of the executive committee from the Third district.

The regulars will hold its convention at West Point on August 30. It is a question whether the latter will put up a candidate or endorse Mr. Allan. The former course seems more probable at this time.

Humor of Merger.

Behind the offer of a syndicate headed by Nicholas P. Bond and Henry P. Scott, a banker of Wilmington, Del., to purchase the Queen Anne Railroad Company and the Weems Steamboat Company is the Pennsylvania Railroad Company. Mr. Bond, who is counsel for the Baltimore, Chesapeake and Atlantic Railway Company, owned by the Pennsylvania, admits the deal is under way. If it is completed, the Pennsylvania will control all railroad facilities of the Eastern Shore of Maryland and about 90 per cent. of the passenger and freight steamers of the bay. Both the Queen Anne and Weems companies have spendid terminals. The former has sixty-six miles of railroad and a fleet of six steamers. Its rail line is from Love Point to Lewes, Del. It is now in the hands of a receiver. The Weems Line has eleven steamers and controls the river trade of Maryland and Virginia.

Copenhaver Found Guilty.

Joseph H. Copenhaver, who has been on trial in Berryville since Tuesday for the murder of his wife on April 17 last, was found guilty yesterday afternoon by the jury, which fixed his punishment at 12 years in the penitentiary. Counsel for the defense immediately made a motion for a new trial. Arguments on the motion will be made before Judge Harrison, but the consensus of opinion seems to be that the court will order the verdict set aside as being contrary to the law and evidence. In his charge to the jury Judge Harrison stated that if the jury believed the prisoner sane at the time of the crime, and that he killed his wife without any provocation, then they must find a verdict of guilty in the first degree. On the other hand, if the jury believed that the prisoner was insane at the time of the killing, they must not find him guilty.

Virginia Troops at Manassas.

Virginia troops will be opposed to those of West Virginia in the manoeuvres at the army and national guard tour of duty at Manassas in September. The official list which has been made up, subject to revision later, places two battalions of West Virginia infantry in the army which will have its headquarters near Thoroughfare, and the Seventieth Virginia Infantry in the army which will have its headquarters near Manassas, while the corps headquarters will be near Gainesville. It is given out by the War Department that the two camps will be maintained as hostile camps, liable to attack at any time and applying as nearly as possible to the conditions prevailing in actual warfare.

An Ante-Nuptial Agreement.

An old man's darling in the person of Mrs. Martha Roseberg, of Pittsburg, Pa., has entered suit against her husband for \$40,000 said to be due her on an agreement made before she was married. The husband, William Roseberg, is well-known, being the ex-president of the Bank of Pittsburg. Mrs. Roseberg alleges that an agreement was made before her marriage that Roseberg was to pay her the interest on \$100,000 as long as he lived at 5 per cent. In case he died first, she was to receive the principal. She alleges he has not kept his promise and that there is now \$40,000 due her. Mrs. Roseberg is about forty years her husband's junior.

Monument Unveiled.

The monument erected by the ex-Confederate soldiers of King William county to their fallen comrades was unveiled yesterday with imposing ceremonies at the county courthouse, the orator being Hon. A. C. Braxton, a native of the county. The monument was unveiled by Miss Jessie Carter Lewis, daughter of Mrs. L. Lewis. The crowd was one of the largest ever seen at the courthouse. Congressman Lamb and others made brief speeches in the afternoon. A portrait of the late Col. William A. Aylett was unveiled and hung in the courtroom. Judge T. B. R. Wright made the presentation address.

Low Week-End Rates from Washington, D. C., and Alexandria, Va., via Southern Railway.

Commencing Saturday, May 28, 1904, and continuing each Saturday and Sunday thereafter to and including Sunday, September 25, 1904, the Southern Railway will sell round trip tickets to Somerset, Warrenton, Harrisonburg, Bluemont and intermediate stations limited return at greatly reduced rates; tickets valid returning Monday after date of sale.

Panama Canal Zone.

Comptroller of the Treasury Tracewell, in an opinion yesterday, defining the authority of the Panama Canal Commission regarding disbursements and the relation of the canal zone to the United States, holds that while the "general spirit and purpose" of the Constitution is applicable to the zone, that domain is not a part of the United States within the "full meaning of the Constitution and laws of the country."

He held that, until Congress by express legislation shall have prescribed the form of government of the zone, the will and sound discretion of the President and his commission will control, and the local revenues of the zone shall be handled in accordance with such rules as they may authorize.

Colored Man Tricked.

Clinton Henry Jackson, colored, formerly of Loudoun county, Va., was standing at the corner of Tenth street and Pennsylvania avenue northwest, Washington, yesterday talking to two new-made acquaintances, to whom he intrusted \$8, all he had, "to help make change," they said, so that Clinton Henry could get his "divvy" out of a hundred-dollar bill which one of them pretended to have picked up on the sidewalk. Jackson was persuaded not to tell of the find, and for keeping quiet he was to receive \$25. The new acquaintances managed to disappear mysteriously leaving Jackson standing in the street.

DRY GOODS.

Lansburgh & Bro., Washington's Favorite Store.

Store closes, 5 p. m.—Saturdays, 9 p. m.

Special Bargains.
